“ I had a tree stump that I was trying to clear in my backyard. Garland and his family had just moved in a short time prior. Garland came over and offered to help me, explaining to me that he had cleared quite a few cottonwoods in Mississippi in his time. He did not even know me, but he still offered to help. I was very grateful for the help and soon the stump had been removed. He became a very good friend to myself and my family. My son and I will never forget Garland mowing our's and other neighbor's lawns and always offering his help. Rest in Peace good friend,
