

## Hilda G. Reynoso

March 22, 1960 - March 21, 2019

Hilda Guadalupe Reynoso, age 58, passed away on Thursday March 21, 2019. She is survived by her loving husband, Juan F. Reynoso; three children, Liliana (Adrian), Amanda, and Alejandro Reynoso; and two grandchildren, Isaac and Zoe.

We're all gathered today to celebrate the life of Hilda Guadalupe Reynoso. A wife, mother, sister, grandma, and friend that was to all of us. Hilda was born in Ocampo, Guanajuato, Mexico on March 21, 1960. My mother had suffered for four years. In September 2015, she was diagnosed with scleroderma and pulmonary arterial hypertension, which made her life impossible to do things that she loved. I'd like to remember my mother as my best friend, someone to admire because even while fighting her illness, she was always worried about everyone else and how they were. That's what was so special about her. We were all special to her, especially her children. I remember all the fun parties with her and adventures we had; going to the store, going to the zoo, library, anything she could to make her kids happy. Her two grandchildren Isaac and Zoe, that she cared for very much had special nicknames, Zoe Poey and munchkin. She would always have place for them in her heart. She always listened to us and all the problems, and never judged us. My mother was never a person that complained until she got very ill and I would call and ask "how are you?" and she would say "just terrible." Heartbreaking to not be able to see her sitting down on the couch with a smile on her face and to just to

see us and giving her a hug for the last time is really devastating. Also her husband and children that always helped her as much as they could, but of course she wouldn't want to see us like this and instead be grateful that we are still here. She would want everyone to just get along and enjoy life, because life is too short to worry about the small stuff.

P.S. as she would say, "I doubt it" lolz
