“ *Finding the right words to describe how I feel is hard. I feel numb to know that one of my cousins has passed on so early. Yes, you're older but you still had your life ahead of you. It's such a tragedy that you're gone unexpectedly. Thank you for being their for my parents' wedding. It wasn't possible without you and I appreciate you so much. Your tia Hilda is heartbroken over this. I know that Virgencita de Guadalupe is watching over you and you're now with her and grandma, as well as my baby Princess. I love and miss you. Til we see each other again, tu prima Ana.*
