“ I remember when I was a young child my mom would come watch me play baseball. Her and my grandma would be yelling watch the ball. When I was sick she would make me feel better. She was the best mom you could ever wish for. Now that you're gone mom I feel like part of my life is gone. I will always be thinking of you and it's really going to be hard to go on with life with you not here I love you mom and I can't wait to visit with you again by for now. Love your son James.

“ *There were many great memories with sandy/ mother in law. She always called me and told me when the wammies were on/pressure your luck. She always wanted cracker Jack's or something sweet. And I would go way out of my way to make sure she got it. The day before her Passi seen, she called us and wanted a sausage biscuit from McDonald's, but it was already 10:17 AM. And and we had to make it to McDonald's in 13 minutes in order to get her one. Quit hurried up and got dressed ran down three flights of stairs and drove a half a mile to mcdonald's just to get her a sausage biscuit and take it to her house and give it to her which is twenty six miles away. Whenever she called me or loree for snacks or food. We tried hard to make sure she got it. She? Never yelled or raised her voice at me ever. She love me dearly as I loved her. I'm always told her that from day one. She's the best mother in law in the world. And I will always miss. She was the bomb dot com.*

*Love you very much mom
